

Fees for Non-NHS Work – December 2021

Not all requests are covered under NHS contract work and are considered to be private work and therefore attract a fee. Please see the list below should you need to make a request for a letter from a GP or request that the GP completes a form for you. Some vaccinations for travel are also not available on the NHS.

We will only complete factual responses. We are not allowed to give an opinion. If in doubt we will refuse to complete the request and may issue a copy of medical records instead with your consent.

Please be aware we charge for any requests for letters etc and copies of records and all requests can take up to 28 days.

Please note it is practice policy that we will NOT countersign passport or visa applications, or any other type of documentation that requires your verification of your identity.
